

**Funding for 1st International Conference on Accessibility to Digital World (ICADW 2016)
at Assam Engineering College, Guwahati**

For a country to become an economic leader – and to remain so – research in science and technology must be at the forefront of its agenda. India, being a developing country, needs to make concerted efforts towards the goal of transforming itself into a developed nation. Conferences/symposia/workshops, where specialized minds exchange ideas and arrive at significant conclusions which set the future directions for research, contribute immensely towards realizing this goal.

As you know that the convergence of technology with modern life has reached a state where dependence of human life on technology is ubiquitous. Today technology is poised to look beyond its traditional bastions of application with pervasive impact on healthcare, environment, energy, transportation, and disaster management. This has generated immense dependency of industry and society on various technologies. India is already playing a major role in the area of technology as a user and, is stepping ahead to become self-reliant and leader by making more and more indigenous products. Many government and private organizations are working hard to fulfill India's dream of Make in India. It is worth mentioning at this point that the first time an international conference on ICT technology is going to be organized in the North-East part of India. From the context of North-East, technology plays an important role because of its strategic location. Hence, organization of 1st International Conference on Accessibility to Digital World (ICADW 2016) in North-East has special significance for the following reasons – creating awareness of North-East among participants from abroad and other parts of India, and providing an opportunity to the researchers, academia and student community of this region to interact and exchange ideas with experts from all over the world. Such interactions will facilitate better understanding about technological developments across the globe amongst the peers. This conference will certainly ignite the minds of the researchers for undertaking more interdisciplinary collaborative research for up gradation of technology. This conference involves many activities which will support and promote the Act East Policy of Govt. of India. Assam Engineering College, Guwahati is organizing the 1st International Conference on Accessibility to Digital World (ICADW 2016), <http://www.icadw.org> during December 16-18, 2016.

Objectives:

1. Collaborating and cooperation of all Technical Institutions of North-Eastern region of India focusing on working together towards a Digital World.
2. Solving problems of North Eastern states of India. For example – Wildlife protection, Language Issues, Connectivity, to name a few.
3. Three way convergence of bringing together – the Government, the Industry and the Academia for possible solutions to the issues of North Eastern States of India.
4. Networking with people all across the globe for sharing of new technological advances and know-how.
5. To bring NE States to focus in terms of going ahead with the state-of-the-art technological solutions.

Sponsorship Categories:

Details about various sponsorship categories are given below for selecting sponsorship as per the need of industry.

1. **SILICON Sponsor (Amount: Rs. 5,00,000/-) (Only ONE number):**
 - a. An invited talk in the symposium
 - b. Complimentary registration for 10 delegates from the sponsoring organization
 - c. A half day tutorial in the conference
 - d. Place for exhibits (3m x 6m space)
 - e. Display of logo of sponsoring organization at the home page of ICADW 2016 along with hyperlink to company's website.
 - f. Company logo on the banners of ICADW 2016, Brochures etc. (all kind of online and print media) highlighting main sponsor of the event
 - g. Slide display of company's name and logo in the start of each session
 - h. Special round table meeting with selected academicians and industry partners
2. **PLATINUM Sponsor (Amount: Rs. 4,00,000/-) (Only ONE number):**
 - a. An invited talk in the symposium
 - b. Complimentary registration for 05 delegates from the sponsoring organization
 - c. A half day tutorial in the conference
 - d. Place for exhibits (3m x 3m space)
 - e. Display of logo of sponsoring organization at the home page of ICADW 2016 along with hyperlink to company's website

- f. Company logo on the banners of ICADW 2016, Brochures etc. (all kind of online and print media)highlighting primary sponsor of the event
 - g. Slide display of company's name and logo in the start of each session
- 3. GOLD Sponsor (Amount: Rs. 3,00,000/-) (TWO-THREE numbers):**
- a. A talk in the industry forum
 - b. Complimentary registration for 03 delegates from the sponsoring organization
 - c. Place for exhibits (3m x 3m space)
 - d. Display of logo of sponsoring organizationat the home page of ICADW 2016 along with hyperlink to company's website
 - e. Company logo on the banners of ICADW 2016, Brochures etc. (all kind of online and print media)
 - f. Slide display of company's name and logo in the start of each session.
- 4. SILVER Sponsor (Amount: Rs. 2,00,000/-) (No Restrictions on number):**
- a. A talk in the industry forum
 - b. Complimentary registration for 02 delegates from the sponsoring organization
 - c. Place for exhibits (3m x 3m space)
 - d. Display of logo of sponsoring organizationat the home page of ICADW 2016 along with hyperlink to company's website
 - e. Company logo on the banners of ICADW 2016, Brochures etc. (all kind of online and print media)
 - f. Slide display of company's name and logo in the start of each session.
- 5. BRONZE Sponsor (Amount: Rs. 1,00,000/-)(No Restrictions on number):**
- a. Complimentary registration for 02 delegates from the sponsoring organization
 - b. Place for exhibits (3m x 3m space)
 - c. Display of logo of sponsoring organization at the home page of ICADW 2016 along with hyperlink to company's website
 - d. Company logo on the banners of ICADW 2016, Brochures etc. (all kind of online and print media)
 - e. Slide display of company's name and logo in the start of each session

6. **Other Sponsors:** Apart from the above, potential sponsors of particular events/programs, during the conference, are requested to contact **Dr. Maushumi Barooah (Email: maushu@gmail.com, Mobile: +91-9864036044)** for further details.

Contact Person:

Organizing Chair

Dr. Maushumi Barooah,

Professor & HoD,

Department of Computer Applications
